Kirkstone Park update: Feb 25th

In the last week both Councillors and staff from District of North Vancouver reached out to LVCA. We met with Councillors Hicks, Bassam and Bond and here is the information that was shared with us.

We were given assurances that:

*The proposed undedication by law will only be applied to Kirkstone Park. Other parks will not be subject to the Alternate Approval Process under [this](#) by law.

* There will be an almost equivalent transfer of parkland to compensate for the trails being undedicated in Kirkstone Park.

*There is an opportunity for the community to decide on the form they would like for the new pedestrian access to Kirkstone park

*DNV will reach out to the community to inform them of the issues involved in order for neighbours to feel involved and informed.

LVCA will continue to monitor this issue and we encourage you all to do the same.
