

DECORATING DETAILS!

You've got a tree in this year's LVCA Parade of Trees! Here's important information that you'll want to look over ….

The trees will be approximately 5-6' tall and placed in stands. You may want to bring a small step ladder. You can use the area under/around your tree to a maximum 3.'x3' – NO LARGER as we are very limited in space to fit everyone in.

Each tree is numbered and assigned. Numbers may **NOT** be switched or changed. Layouts and tree numbers will be posted on site. A LVCA volunteer will be on site on the Saturday before the tree lighting ceremony to point you in the right direction and to make sure that you are decorating the correct tree.

Each tree has access to power. Only LED lights labelled **"FOR OUTDOOR USE"** are permitted.

You will need a tree skirt of some kind to cover the base.

Decorations must be non-breakable, attached firmly and able to withstand our wet and windy climate.

Be as creative as you like! **Remember, everyone votes for their favourite!** We have an online voting form and QR codes/links will be posted for people to vote. ONE VOTE PER PERSON

When posting on social media, use the hashtag #LVCAPofT

If you can lend a hand with set-up or take down, give us a shout! Otherwise, any questions, please don't hesitate to call.
